Division of Vehicles announces new driver's license office locations, upgrades

TOPEKA—The Department of Revenue Division of Vehicles on Thursday announced several upgrades and new driver's license office locations across the state, under its ongoing "Driver's License Office Refresh Project."

The Refresh Project includes opening a third office in Johnson County at an easily accessible location in the Rosana Square Shopping Center in Overland Park. Driver's license offices in Independence and Seneca are moving to new locations that are better situated for issuing credentials. More moves to new office locations around the state will be announced soon.

Additionally, dozens of offices will be upgraded with additional service desks, new paint, furniture, carpet, and security features.

"Almost everyone in Kansas is going to come through the doors of a driver's license office at one time or another, and this project is designed to make that experience more efficient and comfortable," Director of Vehicles David Harper said. "This is just one of the many strategic approaches we are using to upgrade the experience of visiting the driver's license office."

The new office locations include:

203 North 8th St #2
Seneca, KS 66538
Open date TBA

7600 W. 119th St, Suite A
Overland Park, KS 66213
Open date TBA

Temporary office in Independence
811 W. Laurel
Independence, KS 67301
Opening August 14
Permanent office location will be announced soon
