This publication lists the due dates of Kansas business and income tax returns. This month-by-month listing will help you plan your personal and business record keeping tasks for the entire tax year. General information, including online services, is also included to make filing and paying Kansas taxes as easy and error free as possible.

The income tax dates are based on a calendar year taxpayer so if your fiscal year is other than a calendar year, adjust the due dates accordingly. *If any due date falls on a Saturday, Sunday, or legal holiday, substitute the next regular workday.*

If you have questions or need assistance in registering or reporting Kansas taxes, please contact a customer service representative in our office. See back page for taxpayer assistance information.
INCOME TAXES

CORPORATE INCOME TAX RETURNS
Kansas corporate income tax returns are due one month after the filing deadline established for federal corporate income tax returns. If a federal extension is granted, the Kansas filing deadline is one month after the extended federal due date.

ALL OTHER INCOME TAX RETURNS
All other Kansas income tax returns are due the same date as the federal filing due date. An approved federal extension will also extend the Kansas due date.

Estimated tax payments for all calendar year taxpayers except farmers and fishers are due on the 15th of April, June, September and January of the following tax year.

For most tax types, KDOR (Kansas Department of Revenue) offers electronic methods for filing and paying your taxes. These online services are safe, secure, accurate and free! For the most current electronic information, visit us at: ksrevenue.gov.

BUSINESS TAXES
Retailers' sales, compensating use, and most excise tax returns are due on the 25th of the month following the end of the reporting period. Reporting periods are assigned based upon the annual amount of tax paid — the greater the tax amount, the more frequent the filing basis. For more information regarding Kansas sales and use tax returns and due dates, refer to Pub. KS-1510, Kansas Sales Tax and Compensating Use Tax.

Due dates for withholding tax payments depends on the size of your payroll. The larger your payroll, the larger the Kansas withholding, and therefore the more frequently you will report and pay the tax. Kansas has five filing frequencies — annual, quarterly, monthly, semi-monthly, and quad-monthly. Each filing frequency has a different set of dates. For more information on these filing frequencies and dates, refer to Pub. KW-100, Kansas Withholding Tax.

By law, businesses are now required to submit their Sales, Compensating Use and Withholding Tax returns electronically. Kansas offers several electronic file and pay solutions – see our website at ksrevenue.gov for the most up-to-date electronic information.

STATE SMALL BUSINESS WORKSHOPS

As part of our commitment to provide tax assistance to the business community, Tax Specialists within the Kansas Department of Revenue conduct small business workshops on Kansas taxes at various locations throughout Kansas. Whether you are a new business owner, an existing business owner, or an accountant, these workshops will give you the tools and understanding necessary to make Kansas taxes easier and less time consuming for you. Topics covered include filing and reporting requirements and methods, what is taxable, what is exempt and how to work with the department in collecting and remitting Kansas taxes.

For a schedule of our workshops, visit our website. Pre-registration is required and a fee may be charged by the sponsoring Small Business Development Center (SBDC).
