INDIVIDUAL INCOME TAX

Year Enacted: 1933
Statutory Citation: K.S.A. Chapter 79, Article 32

A Kansas resident is required to file an individual income tax return if:

- They are required to file a federal income tax return, or
- Their Kansas adjusted gross income is more than the total of their Kansas standard deduction and exemption allowance.

The Kansas income tax is imposed on the entire income of every resident individual. Nonresidents of Kansas are taxed on income derived from Kansas sources.

Kansas begins its individual income tax calculation with federal adjusted gross income. This connection to the federal tax code adopts many of the tax expenditures that exist at the federal level. Any special provisions allowed by the federal government that reduce adjusted gross income will flow through to the Kansas tax return, thereby resulting in lower Kansas tax collections. The majority of these special provisions at the federal level are not specifically enumerated in this report. This report will provide the cost of several addition/subtraction modifications to federal adjusted gross income.

Kansas law allows a taxpayer to claim a standard deduction or itemized deductions and allows for a personal exemption deduction.

For process year 2022, tax year 2021, Kansas income tax was imposed as follows:

Schedule I-Married Filing Joint

If Kansas taxable income is:	The Tax is:
Not over \$30,000	3.1% of Kansas taxable income
Over \$30,000 but not over \$60,000	\$930 + 5.25% of excess over \$30,000
Over \$60,000	\$2,505.50 + 5.7% of excess over \$60,000

Schedule II-Single, Head of Household, or Married Filing Separate

If Kansas taxable income is:	The Tax is:
Not over \$15,000	3.1% of Kansas taxable income
Over \$15,000 but not over \$30,000	\$465 + 5.25% of excess over \$15,000
Over \$30,000	\$1,252.50 + 5.7% of excess over \$30,000

Modifications and deductions have been separately stated according to resident filers and nonresident filers. Nonresident filers of Kansas in many cases have a small percentage of income from Kansas

sources. As a nonresident, a taxpayer must apply a nonresident percentage to come up with an actual Kansas tax liability. The tax expenditures presented for nonresident filers apply this percentage in order to provide the reader with truer cost of expenditures associated with these filers.

FIDUCIARY INCOME TAX

The fiduciary of a resident estate or trust must file a Kansas fiduciary income tax return if the estate or trust had any taxable income and/or there is withholding tax due for the nonresident beneficiaries. The fiduciary of a nonresident estate must file a Kansas fiduciary income tax return if the estate or trust had taxable income or gain derived from Kansas source.

Kansas begins its fiduciary income tax calculation with federal taxable income and allows for several addition/subtraction modifications.

For process year 2022, tax year 2021, Kansas fiduciary income tax was imposed as follows:

If Kansas taxable income is:	The Tax is:
Not over \$15,000	3.1% of Kansas taxable income
Over \$15,000 but not over \$30,000	\$465 + 5.25% of excess over \$15,000
Over \$30,000	\$1,252.50 + \$5.7% of excess over \$30,000
