For fencing destroyed by wildfire, flood, tornado, or other natural disaster on and after January 1, 2021 and prior to July 1, 2022, in which expenditures have already been made, the exemption allowed by the statute can be claimed by submitting [form ST-3, Kansas Application for Sales Tax Refund of Fencing Materials and/or Services](#). Please be sure to submit all the information and documents requested on the form at the time you file your claim for refund. Failing to do so will delay or may even prevent issuance of a refund. Please note refunds will only be made for sales tax paid to a Kansas retailer. Sales tax paid on purchases from a non-Kansas retailer (for example, a retailer in Oklahoma) will not be refunded. You should allow at least 45 days for processing of any refund claim.

For fencing destroyed by wildfire, flood, tornado, or other natural disaster on and after January 1, 2021 and prior to July 1, 2022, in which expenditures have NOT been made, the exemption allowed by statute can be claimed by submitting form ST-28F, Agricultural Exemption Certificate to the retailer from whom the purchases are being made. ST-28F can be found at <https://www.ksrevenue.gov/pdf/st28f.pdf>.

On and after July 1, 2022, all sales of tangible personal property and services necessary to construct, reconstruct, repair or replace any fence that is used to enclose land devoted to agricultural land shall be exempt from sales tax. The purchaser must provide form ST-28F, Agricultural Exemption Certificate to the retailer from whom the purchases are being made. Contractors and repairmen providing the service to construct, reconstruct, repair or replace any fence that is used to enclose land devoted to agricultural land may use this certificate to purchase the materials and labor necessary to construct, reconstruct, repair or replace fencing.

Fencing materials that qualify for exemption include, but are not limited to: barbed wire; T-posts; concrete mix; post caps; T-post clips; screw hooks; nails; staples; gates; electric fence posts; electric insulators, and electric fence chargers.

Retailers/sellers should obtain the appropriate exemption certificate from the customer at the time of the sale and no later than 90 days subsequent to the date of sale. An exemption certificate relieves a seller from collecting sales tax if it has obtained the required identifying information and the reason for claiming the exemption at the time of purchase. A seller should: 1) verify the

identity of the person or entity presenting the exemption certificate; and 2) maintain the fully completed exemption certificate in the sales tax records for at least three years.
